HOW DO I EARN THE $150 WELLNESS CREDIT FOR HAVING AN ADVANCE DIRECTIVE?

At your Annual Preventive Care Visit with your primary care provider, your provider will have the opportunity to indicate whether or not you have an Advance Directive on file by checking the "Advance Directive Form Complete" box on your Wellness Activity Certification Form. Please bring a copy of your completed Advanced Directive with you to this visit. To learn more about Advance Care Planning you can schedule a onsite seminar or complete a learning module online.

WHY?

As a result of our Engaged Plan efforts, we are making strides towards becoming a healthier workforce. Our Wellness Activities, paired with supportive resources, have helped us to decrease our rate of high blood pressure, reduce our tobacco rate and encouraged us to stay up-to-date with preventive screenings. This is great news, as the health of you and your family is AtlantiCare’s utmost priority. It is also very important that we all serve as role models for our vision of building a healthy community and that we demonstrate the positive impact population health initiatives and value-based care can have on an organization. Regardless of your medical plan choice, you have the opportunity to complete Wellness Activities to earn Wellness Credits.

FORMS

Visit the https://myatlanticare.org portal for a copy of the Advance Directive form and additional information. If you have additional questions, you can reach out to your primary care provider.
